WORKING WITH US

WHY WORK WITH Crown City Home Buyers?

What we provide for homeowners can not only make for a smooth transaction, but it can also add up to thousands of dollars in additional profit as compared to selling a home through traditional means. With the ability to directly purchase homes and make cash offers, we create fast and hasslefree transactions.

There are many creative ways to help homeowners in any situation. We pride ourselves on our reputation of working one-on-one with customers to handle every individual situation, and it's our goal to make each client feel like we achieved a WIN-WIN scenario.

Most homeowners have no idea what options are available to them beyond listing a house with a Realtor or trying to sell the house on their own. We provide an alternative. A Realtor gets paid a commission for his or her services which is a percentage of the home selling price. In most cases, you may also be encouraged by the Realtor to fix up your home to attract more potential buyers...

BENEFITS OF WORKING WITH US

- CASH OFFER
- NO REALTOR COMMISSIONS QUICK CLOSE
- NO FEES
- PAY NO CLOSING COSTS
- WE BUY THE HOUSE AS-IS
- NO APPRAISAL
- NO LENDING RESTRICTIONS

How Do We Compare to a Traditional Buyer?

PROGRAMS WE OFFER

CASH PURCHASE PROGRAM

Utilizing cash funding from our national network of investors allows us to circumvent many of the nuances of traditional real estate closing. We can purchase your home directly, and you won't pay any Realtor commissions. In addition to our funding source, we will buy the home AS-IS – meaning we won't ask you to make a single repair to the home. Furthermore, Crown City Home Buyers fully understands the importance of timing. You may be in a situation where you need to close quickly or you may need a few months to transition to the next phase of your life. Either way, we can facilitate a fast and easy closing in 10 days or less - or extend the timeframe out as long as you need. We are here to work with you.

SHORT SALE PROGRAMS

With today's ever changing real estate market, it can be very difficult for some homeowners to sell their property. You may be overleveraged and tempted to just walk away from the home. However, this is not in your best interests and there are serious consequences if you let the home foreclose. If you are currently experiencing this scenario, it's important to know that you do have options! We are very successful at negotiating debt with banks and can often purchase the property directly from you - thus saving you and your family's future from a foreclosure.

HOMEOWNER RELOCATION PROGRAMS

We realize the challenges homeowners face when selling their homes. This is why Crown City Home Buyers created a Homeowner Relocation Program. We will work with you to locate another home or an apartment depending on your needs.We can also arrange for our movers to assist and even help coordinate temporary storage for your things, if thisis something you desire. We know selling home can be stressful and we love going the extramile for our customers.

MORTGAGE REFINANCE PROGRAMS

If saving your home is your goal, we can help! We work with many national and local lenders who specialize in refinancing homeowners who are behind on payments. Most mortgage companies will shy away from borrowers with tarnished credit, but not the lenders we work with. Our partners will work diligently to find the best loan product for you. If this program interests you, please speak with us today! The longer you delay, the more difficult it will be to qualify!

OTHER OPTIONS

REFER TO A LOCAL REALTOR

Our primary focus is on revitalizing neighborhoods. If your home is located in an area where our firm does not specialize in finding retail buyers, we are happy to refer you to the right realtor for your area. We know that not all Realtors are created equal. Therefore, we do a thorough prescreening of all our referrals to ensure that they are an adequate representation of our company.

RENOVATION PROJECTS

Occasionally, we sell houses that are not included in our completed renovation portfolio. When selling these properties in need of repair, it's very important for the buyer to have specialized knowledge to identify any possible renovation costs associated with improving the property. When working with our company, you can rest assured that we're very qualified and experienced in accurately estimating repairs and consulting with buyers on the renovation process. Listed on the next pages are snapshots of how we and our affiliates do business.

RENOVATION PROJECTS

In order to ensure our success in residential redevelopment, we have learned from the best and used that knowledge to grow a successful business. Our owners have a combined 50 years of real estate investment experience and have estimated or worked on hundreds of projects. We were able to learn from past experiences and implement techniques that have helped us cut costs, thus allowing us to increase our offers to homeowners. Here are just a few of our past rehab projects:

OUR RISKS

There's no such thing as a perfect house -- every home, even newly constructed ones, will have some issue or another. Our company builds value by rehabilitating properties in need of repairs - from light cosmetic repairs to significant repairs.

In many cases, we buy houses that have fire damage, termites, mold, foundation problems, roof leaks or are in need of other major renovations. Houses with these conditions scare most buyers, and most real estate agents don't like listing them because they know such houses are hard to sell. We enjoy talking to sellers with these types of houses because we can see the house's potential value after all the repairs are made. Breathing new life back into homes by renovating and improving them is what our company was created for. But we have to purchase each property in a way that allows us to make the repairs we see (and budget for the repairs we can't see) and still be profitable at the end of the project.

Here are just a few risks involved when we purchase properties:

- Previously unknown property conditions, or environmental hazards, such as toxic mold, or others
- Expensive repair conditions may not have been apparent or become worse since, the time of purchase
- Costly repairs not previously estimated for could offset the profit margin, such as HVAC, plumbing, foundation, etc
- Work permit complications, local restrictions, or codes, and other legal problems
- Unexpectedly longer times in holding property for repair, or marketing time extended, causing profits to erode.
- Ever-changing market conditions, including lending requirements and availability of applicable mortgages for buyers

WE BUY ANY HOME IN ANY CONDITION

Inspections on a home are helpful, however, the reality is we never know exactly what we're getting into until we start the renovation process.

Sometimes what seems like the simplest fix turns into a massive remodel – therefore resulting in thousands of unexpected rehab dollars. This is the risk we take when buying your home AS-IS.

We do all the heavy lifting on the back end, so you don't have to.

FREQUENTLY ASKED QUESTIONS

How does the process work to sell my house?

Once we have some basic information about your property, a member of our team will contact you shortly with a cash offer (usually within 24 hours). In some situations, we will need to gather additional information about the condition of the home. Once complete, we will discuss all the details with you and make an offer on the same day. If you accept, we will handle everything else, navigating the closing process from start to finish.
